

ChrysCapital invests in National Stock Exchange of India

July 2016

ChrysCapital has taken an equity stake in National Stock Exchange (“NSE”), India’s leading stock exchange. ChrysCapital is excited to partner with NSE given its dominant market position across trading instruments, attractive industry dynamics and strong track record.

About NSE

NSE is the leading stock exchange of India and one of the largest exchanges in the world in terms of market capitalization. The exchange provides a fully automated screen-based trading system and has a national presence. NSE has been instrumental in reforming the Indian securities market and has brought significant transparency, speed and efficiency in conducting securities transactions. For more information about NSE, please visit www.nseindia.com.
